

HAKKI SEZGİN İLGÜ

Procurement Specialist | Supply Chain Management | Mechanical Engineer

Menemen / İzmir, Türkiye • +90 507 374 8356 • hakkisezginilgu@gmail.com • linkedin.com/in/hakki-sezgin-ilgu-127b9587

PROFESSIONAL SUMMARY

Results-oriented **Mechanical Engineer** and **Procurement Specialist** with extensive experience in CAPEX/OPEX procurement, supplier relationship management (SRM), contract negotiation, and end-to-end supply chain processes. Proven track record at industry leaders like **Ford Otosan** and **Ateş Wind Power**, managing high-value machinery, equipment purchases, and regulatory emission-reduction programs. Expert in coordinating multi-million dollar procurement packages, executing strategic cost-saving negotiations, and ensuring technical compliance. Exceptionally fluent in **English** (TOEFL: 95) and **German** (TestDaF: 17/20), enabling seamless collaboration with global suppliers and international stakeholders.

CORE COMPETENCIES & SKILLS

Strategic Procurement: CAPEX & OPEX Procurement, Strategic Sourcing, Cost Optimization, SRM (Supplier Relationship Management), RFQ & RFP Process Management, Contract Management & Price Negotiations, Supplier Evaluation & Research

Technical & Simulation Software: SolidWorks, Autodesk Inventor, AutoCAD, ANSYS, MATLAB, Simulink, 3ds Max

Business & Management Systems: Netsis Logo ERP, MS Office Suite (Word, Excel, PowerPoint)

Project Methodologies: Scrum, Cross-functional Coordination (R&D, Production, Quality, and Supply Chain)

PROFESSIONAL EXPERIENCE

Ateş Wind Power | İzmir, Türkiye

Feb 2025 – Present

Procurement Engineer

- Lead end-to-end **CAPEX procurement** and supplier management for high-value machinery and investment equipment, ensuring project timelines and budgetary compliance.
- Manage strategic sourcing, technical specification verification, and compliance checks during supplier evaluation processes.
- Drive commercial contract negotiations and pricing agreements with global and domestic suppliers, delivering significant cost savings.
- Facilitate cross-functional collaboration between engineering, project management, and external stakeholders to streamline procurement workflows.

FORD OTOSAN | Eskişehir, Türkiye

Aug 2022 – Sep 2023

Procurement Engineer – F-Trucks New Programs

- Orchestrated procurement activities for engine components on high-priority, regulatory emission-reduction programs.
- Collaborated on international supplier management to guarantee the uninterrupted, timely supply of critical parts/materials matching demanding project schedules.
- Managed commercial coordination and technical verification processes with suppliers to align engineering requirements with cost objectives.

Anzatsan Mühendislik A.Ş. | Antalya, Türkiye**Aug 2020 – Jul 2022****R&D; Mechanical Design Engineer**

- Participated in full product development cycles, from mechanical conceptualization and detailed CAD design to military/civilian production standards.
- Authored comprehensive technical specifications and engineering documentation for reverse engineering projects and domestic component sourcing.

Gürkan Ofis Mobilyaları San. Tic. Ltd. Şti. | Kayseri, Türkiye**Jun 2019 – Jul 2020****Mechanical Engineer**

- Directed industrial machinery design, structural production lines, and proactive maintenance and repair activities.

Institut für Maschinenkonstruktion und Tribologie | Hannover, Germany**Oct 2018 – Mar 2019****Research Assistant**

- Supported academic and industrial research projects focused on mechanical design, machine components, and tribological analysis.

Suga İnşaat | Kayseri, Türkiye**Apr 2015 – Sep 2015****Field Application Engineer**

- Supervised the mechanical installation and piping works for an A-400M military cargo aircraft hangar project at the Kayseri 12th Air Transport Main Base Command.

Samet Kalıp Madeni Eşya A.Ş. | İstanbul, Türkiye**Jun 2014 – Sep 2014****Mechanical Engineering Intern**

- Completed comprehensive 90-day internship rotations across the R&D; center, manufacturing workshop, and production floors.

EDUCATION**Leibniz Universität Hannover | Hannover, Germany****2017 – 2019****Master's Program in Production Technologies**

Coursework and technical specialization in advanced manufacturing systems and production engineering.

Yıldız Technical University | İstanbul, Türkiye**2009 – 2014****B.Sc. in Mechanical Engineering**

Department: Materials and Manufacturing Technology

ADDITIONAL CREDENTIALS**CERTIFICATIONS & LICENSES**

- Scrum Project Methodology Certificate
- Class C Occupational Health & Safety Specialist Certificate (Erciyes University)
- Driving License: CE Class

LANGUAGES & ADDITIONAL INFO

- **Turkish:** Native
- **English:** Advanced (TOEFL Score: 95)
- **German:** Advanced (TestDaF Score: 4/4/4/5)
- **Military Service:** Completed (July 2020)
